

8 December 1958

MEMORANDUM FOR: Huntington D. Sheldon
 A/DDI

Sometime at an early meeting of the NSC, I should like to say a word in recognition of the exemplary conduct of the American troops in Lebanon during their stay there. I would like to base this on intelligence, and tie it in to the effect that this had on our relations in the Middle East.

Please give me some thoughts on this.

ALLEN W. DULLES
Director
